Dear Sir or Madam,

I am writing in regard to the acquisition of the open walled hangars located on the south east corner of the airport grounds. I have mowed/farmed the airport grounds for the past 4 years. It was brought to my attention that the structural integrity of the building is beyond financial repair and no longer suitable for aircraft storage. Although no longer adequate for aircraft use, it would be acceptable for agricultural commodity storage. It is my intent to purchase said structure for \$1.00, take down, dis-assemble, relocate, and reassemble the structure on our farm for hay storage. In addition I would regenerate the building site by removing the block/concrete walls and plant bare soil with grass seed. I appreciate your consideration on this matter.

Respectfully,

Jeremy Droscha
