

March 19 2015

To: Charlotte City Council

From: Kevin Fullerton, Fire Chief

The City Clerk received bids for a soft water system for the city hall building on March 18, 2015.

Two bids were received .

Meyers Plumbing, Lansing MI

6,1015.00

Besco Water Treatment Mason MI

2,633.35

The Myers bid is a larger system and we feel that the smaller system, from Besco will be ample for the building because we are using the soft water only for the water heater , the boilers, and the humidifier. Both companies have a good reputation, and therefore we recommend awarding the bid to Besco in the amount of 2,633.35
