

# Memo

**To:** City Council  
**From:** Bryan Myrkle, Community Development Director  
**Date:** September 10, 2015  
**Re:** Amendment #2 to Agreement for Professional Engineering

---

City Council members will remember that we received unexpectedly low bids on the airport runway rehabilitation project earlier this year, and subsequently authorized a similar rehabilitation to be done to the parallel taxiway surface.

While this work has been completed, the paperwork associated with it carries-on. On your agenda this meeting is an amendment to the engineering contract associated with this project reflecting the additional work that was performed.
