Comment: To City Council,

As a concerned local citizen and President of Eaton Federal Savings Bank, the community bank headquartered in Charlotte, I am interested in a stable, well run city government. As such, I am writing to encourage you to offer a fair and reasonable contract extension proposal to our current City Manager. Failing to do so would leave a leadership void at a critical time and likely throw the affairs of the City into disarray. Please be the good stewards of the City's affairs, as you were elected to do, and work together for the benefits of all citizens.
