Members of Charlotte City Council,

As a former Mayor of the City of Charlotte, I would like to provide some information to you as you work toward a new contract for our City Manager, Gregg Guetshow.

The 2014 City Manager Salary Survey as prepared by Michigan Municipal League (MML) shows 10 other cities with an average population of 9,029 residents with an average salary of \$98,927 for the City Manager.

In this same survey, our City Manager shows a salary of \$83,125 with Charlotte reporting a population of 9,074. The cities included in the MML survey included Marshall \$110,265, St. Johns \$91,000, Mason \$87,793, Hillsdale \$91,000, Greenville \$113,835, Tecumseh \$94,266, Howell \$94,348, Cadillac \$90,500, Coldwater \$111,426, and Sturgis \$104,839.

The MML survey does not show years of service for the respective cities, but experience and skill level is critical for our future success. We are blessed to have both qualities in our city manager.

The operation of cities today is very complex and highly qualified management is required to protect the interests of the residents and property owners. I ask that you develop a fair contract for our city manager. I also ask that you work with our businesses and residents to make Charlotte the best it can be.

Ken Wirt, Past Mayor of City of Charlotte
123 North Bostwick Street
Charlotte, MI 48813
(517) 719-0510
